To T. J. H., who asks for a full account of the origin of the surname Heiskell: The name Heiskell started out in life as Asgall, or Ascall, or Askell, or Asketill, or

Scytel, or the old Norse Asgeir.

Asgeir, in time changed to Hasker, is a name used in connection with northern legends of hero worship, "as" or "os," meaning god or hero, and "geir," a spear. If Asg is the root from which the name if Asg is the root from which the name is derived, in process of time, the aspirate "h" wandering around seeking words that it may adorn, slipped into first place, and we have Hasgall, the meaning "a place of rushes in the marsh." Asg is a place of ushes; gall, originally Nayle, a marsh or noor. The gentleman who was fortunate enough to live in such a quiet retreat naturally became Mr. Asgall, then Has-gall, or Harskell, Hauscall, Hascall, kull, Hascall, Haschall, Haskol, Hascal, Hascall, Hascol, Hascoll, Heskell, Has-kill or Haskell, and finally Heiskell.

Nowadays all descendants of this noted family are either Heiskell or Haskell, and a name to be proud of.
